INSIDE THIS ISSUE:

Alan Vollweiler Becomes PPSNYS President

WPPA V.P. **Alan Vollweiler** became President of our state organization on May 1 and the gavel was passed from outgoing president Monroe

Payne at the May 7th Executive Council meeting in Binghamton, NY.

Two major events confronted the new President on day one. The first was the unexpected separation of the Central section from PPSNYS. The announcement came from Central's President Kelvin Ringold who read a departure letter at the meeting. The second item was the formation of a

PPSNYS Revitalization Action Team. Two and a half hours was devoted to the re-energizing effort. Many good ideas were discussed and Alan has started to put together committees to tackle the issues. A PPSNYS President letter will be going out to members in May.

Here are the significant motions that were passed at the meeting:

FocusNY will be held once again at Villa Roma on March 2-4, 2019.

The PPSNYS Annual meeting will be on March 3, 2019 at Villa Roma.

WPPA's Aspiring membership will cost \$160 for 12 months, a \$90 discount.

Sections continue to be supported by the state with a \$200 payment if they have a an all day TEP.

Alan is asking all members to get involved in growing the organization. One person can not make the changes needed to improve PPSNYS. It will take an effort from all of us.

WPPA 2018 & 2019 Schedule 1

Spotlight on Instructors Vincent Versace 2

Cancelled

Our May 22nd Meeting was cancelled because our speaker, Frank Dispensa, became ill. We wish him a quick recovery. We hope to reschedule "The Complete Science of Exposure" in the near future.

Chris Smith—Spark Your Creativity

Chris Smith

"Spark Your Photographic Creativity"

Chris Smith will lead you through ten photography projects to spark your creativity. Learn night photography, long exposure photography, in-camera motion techniques, how to design an image based on graphic design, train your eye to photograph patterns and more. Leave the workshop with several new techniques to pull out of your photographic bag of tricks. The skills you'll practice throughout the week can be applied to all genres of photography when you return home. There will be time in class to process your images and receive critique throughout the learning process.

Chris Smith is the founder of Out of Chicago Photography and author of The Photographer's Guide to Chicago. Chris is the driving force behind the annual Out of Chicago Photography Conference as well as their annual landscape photography conference. After teaching high school physics for 17 years, Chris now combines his passion for teaching and photography through photography workshops and lectures across the country.
